

WageWorks Pre-Tax Transit Program

The Commuter Benefits Program lets you pay for your eligible transportation expenses through automatic, pre-tax payroll deductions. You can deduct up to **\$230 per month**. This program is available to all Lab employees except:

- Students and GSRA's
- Guests
- Limited employees
- Contractors

Enroll anytime

There's no annual open enrollment period, so you can sign up or make changes whenever you choose — online or by phone. **The monthly enrollment deadline is 9:00pm (PST) on the 10th of the month. Tickets will be available at the end of the month.** You can also cancel at any time before the monthly cutoff; your cancellation will become effective on the same schedule.

When do I get my pass?

Each month, your transit pass or tickets will be delivered before the month in which it is valid. If you use a SmartCard or other electronic pass, it will be reloaded automatically.

It's covered!

No matter what kind of public transportation you ride to work — if it costs money, the Commuter program can probably help you save. Use it for bus service, light rail, regional rail, streetcar, trolley, subway, or ferry, or qualifying vanpool

Sign up today

Just visit www.wageworks.com for online enrollment:

- Click on First time User? Register Now
- Enter information for identification and eligibility and click on Sign up
- Set up your user profile, including user name and password
- Enter your daytime phone number and mailing address
- Read and accept User Agreement and click on Continue
- Make your transit elections
